## EDUCATION

### Bachelor Of Computer Applications

2021-2024

- CHARUSAT University

### Master Diploma Course Cybersecurity & Ethical Hacking

2024

- Boston Institute Of Analytics

## ACHIEVEMENTS

- Cisco Introduction To Cybersecurity Certificate
- Cisco Ethical Hacker Certificate
- Experience Letter From Spinnaker Analytics
- Experience Letter From INLIGHN Tech
- Cisco Networking Basics Certificate

## WORK EXPERIENCE

- I Have Completed 6 months of on-job training at spinnaker analytics as cybersecurity specialist
- I Have Completed 2 Months Of Internship As Offensive Cybersecurity Intern At Inlighn Tech
- I Have Completed 2 Months Of Internship As Hacking real-Time Operating System Intern.

## PROJECT

- Developed Cybersecurity Tools Like Subdomain finder and DNS lookup, Port Scanner, SSH botnet, SSH Cracker, Password Cracker, PDF Protection.
- Capstone Project On “Create A Report On Analysis Of Any E-Commerce Website That Is Vulnerable To Any Kind Of Bug”
- Conducting in-depth network analysis
- i have done “Research Project on Phishing Attack Incident that led to sensitive information being exposed.”

## SKILLS

- Cybersecurity Fundamentals (CIA Triad, Threat Types)
- Understanding of OSI, TCP/IP, VPNs, Firewalls.
- Networking Basics (DNS, Ports, Protocols)
- Tools: Nmap, Wireshark, Burp Suite, Metasploit
- Knowledge Of Python, Automation, Bash, PowerShell.
- Vulnerability Assessment & Penetration Testing
- knowledge of log analysis and SIEM tools
- Experience with TryHackMe, PortSwigger and Hack The Box Labs
